

Shrikant Patil

.NET Developer

PROFESSIONAL SUMMARY

Infosys - Pune - **Senior Systems Engineer**

Sept 2021 - PRESENT

- Highly skilled and results-driven .NET Developer with over 3 years of specialized experience in developing robust, scalable Web and Windows applications. Expertise in leveraging the .NET Framework, C#, ASP.NET Core, and MVC architecture to deliver high-performance solutions. Proficient in front-end technologies including HTML, CSS, and JavaScript, and adept with modern frameworks like ReactJS for creating intuitive and responsive user interfaces.
- Demonstrates a strong command of database management, utilizing SQL Server and Entity Framework to optimize data access and ensure seamless integration across systems. Possesses a proven ability to collaborate effectively with cross-functional teams, ensuring the precise gathering and distribution of technical requirements and solutions.
- Adept at transforming client needs into high-quality software solutions that exceed expectations.

EXPERIENCE

1. App Re-Engineering | Sept 2023 - Present

Role: .NET Developer

- Transformed legacy Windows applications by thoroughly analyzing and re-engineering their functionalities and code, aligning them with modern technology standards.
- Engineered Windows applications using ASP.NET Core, effectively translating client requirements into cutting-edge software solutions.
- Led rigorous testing phases and orchestrated the successful deployment of re-engineered applications, ensuring smooth migrations and significantly enhanced performance.

2. CCRP Light | Jan 2022 - Sept 2023

Role: Software Developer and Functional Tester

- Developed and optimized the CCRP Light application, contributing to its reliable operation and improved user satisfaction.
- Revamped both backend and frontend code in response to client specifications, boosting the application's functionality and user experience.
- Resolved complex issues through detailed debugging using Visual Studio Code, which enhanced the application's reliability and performance.

3. System Engineer Trainee | Sept 2021 - Jan 2022

- Completed specialized training in C# and Angular, equipping yourself with the skills to contribute effectively to modern software development projects.

EDUCATION

Bachelor of Technology in Computer Science and Engineering

D.K.T.E. Society's Textile and Engineering Institute, Ichalkaranji, Maharashtra.

June 2017 - Aug 2021 | CGPA - 7.50
